

Clean Holdings Announces Newly Updated Wet/Dry Wipes Dispenser, The Cleaning Station Gen2

The Cleaning Station is the only all-in-one sanitizing system backed by a lifetime warranty. Featuring a hidden trash receptacle, hand sanitizer, built in shelves and the option to use either pre-moistened or dry towels, it's the perfect way to encourage a healthy environment.

New Milford, CT ([PRWEB](http://www.prweb.com)) February 09, 2012 -- The Cleaning Station is the only all-in-one sanitizing system backed by a lifetime warranty. Featuring a hidden trash receptacle, hand sanitizer, built in shelves and the option to use either pre-moistened or dry towels, it's the perfect way to encourage a healthy environment.

Founded in 2007, Clean Holdings, a women-owned small minority/business enterprise, created The Cleaning Station to help encourage healthy practices. The Cleaning Station is the ultimate ergonomic organizer. This sleekly designed free-standing system with a small footprint of 11x45 enhances any décor. Its user-friendly process: PULL, SPRAY, WIPE, TOSS, CLEAN HANDS promotes good hygiene habits. The Cleaning Station is the only sanitizing system in the world that delivers versatile dispensing solutions for a variety of markets – building a business reputation in a healthy environment is essential so learn more at <http://www.thecleaningstation.com>.

The Cleaning Station Gen2 currently has upgraded features and options and a multitude of possibilities. “Many of the present Cleaning Station customers expressed the need for a larger trash receptacle, a way to communicate information and mobility” expressed Doreen Savran, President and Founder of Clean Holdings. From that feedback, the receptacle is now 25% larger, there is a sign holder that hooks to the back and casters are now available that attach to the bottom for added weight stability.

Now with Gen2, customize the Cleaning Station to accommodate a variety of supplies.....gym wipes dispenser, wet wipes dispenser, dry rolls, tissue holder, disinfectant shelf, sanitizer dispenser and hundreds of other options.

This self-contained dispenser helps wipe a surface and then clean hands in one convenient location. Appropriate for a variety of markets such as: Fitness Facilities, Hospitals & Healthcare, Hotels, Restaurants, Universities, Residential Communities, Corporate Offices, Supermarkets and Retail Stores to name a few.

Clean Holdings is a woman-owned small minority/business enterprise which provides an all-in-one sanitizing system called The Cleaning Station. The Cleaning Station is the ultimate ergonomic organizer and a perfect fit for fitness facilities, gyms, recreational centers, group activity rooms and much more.
